

PART ONE

It is my privilege to enclose herewith Part One of The Master Key System.

Would you bring into your life more power? Get the power consciousness.

More health? Get the health consciousness.

More happiness? Get the happiness consciousness.

Live the spirit of these things until they become yours by right. It will then become impossible to keep them from you. The things of the world are fluid to a power within man by which he rules them.

You need not acquire this power. You already have it. But you want to understand it; you want to use it; you want to control it; you want to impregnate yourself with it, so that you can go forward and carry the world before you.

Day by day as you go on and on, as you gain momentum, as your inspiration deepens, as your plans crystallize, as you gain understanding, you will come to realize that this world is no dead pile of stones and timber, but that it is a living thing! It is made up of the beating hearts of humanity. It is a thing of life and beauty.

It is evident that it requires understanding to work with material of this description, but those who come into this understanding, are inspired by a new light, a new force, they gain confidence and greater power each day, they realize their hopes and their dreams come true, life has a deeper, fuller, clearer meaning than before.

And, now, Part One.

PART ONE

1. That much gathers more is true on every plane of existence and that loss leads to greater loss is equally true. *[Matthew 13:12 confirms this]*
2. Mind is creative, and conditions, environment and all experiences in life are the result of our habitual or predominant mental attitude.
3. The attitude of mind necessarily depends upon what we think. Therefore, the secret of all power, all achievement and all possession depends upon our method of thinking.
4. This is true because we must "be" before we can "do," and we can "do" only to the extent which we "are," and what we "are" depends upon what we "think."
5. We cannot express powers that we do not possess. The only way by which we may secure possession of power is to become conscious of power, and we can never become conscious of power until we learn that all power is from within.
6. There is a world within – a world of thought and feeling and power; of light and life and beauty and, although invisible, its forces are mighty.
7. The world within is governed by mind. When we discover this world we shall find the solution for every problem, the cause for every effect; and since the world within is subject to our control, all laws of power and possession are also within our control.
8. The world without is a reflection of the world within. What appears without is what has been found within. In the world within may be found infinite Wisdom, infinite Power, infinite Supply of all that is necessary, waiting for unfoldment, development and expression. If we recognize these potentialities in the world within they will take form in the world without.
9. Harmony in the world within will be reflected in the world without by harmonious conditions, agreeable surroundings, the best of everything. It is the foundation of health and a necessary essential to all greatness, all power, all attainment, all achievement and all success.

10. Harmony in the world within means the ability to control our thoughts, and to determine for ourselves how any experience is to affect us. *[Nobody can 'make you' sad or angry or happy or anxious - you've got the power to determine how you respond to or feel about any experience. 'Emotional Stress' then, is a choice.]*

11. Harmony in the world within results in optimism and affluence; affluence within results in affluence without.

12. The world without reflects the circumstances and the conditions of the consciousness within. *[Your current circumstances are a perfect reflection of your inner circumstance - the thoughts you hold about yourself - this is where you have to work on if you wish to bring about changes in your outer circumstances.]*

13. If we find wisdom in the world within, we shall have the understanding to discern the marvelous possibilities that are latent in this world within, and we shall be given the power to make these possibilities manifest in the world without.

14. As we become conscious of the wisdom in the world within, we mentally take possession of this wisdom, and by taking mental possession we come into actual possession of the power and wisdom necessary to bring into manifestation the essentials necessary for our most complete and harmonious development.

15. The world within is the practical world in which the men and women of power generate courage, hope, enthusiasm, confidence, trust and faith, by which they are given the fine intelligence to see the vision and the practical skill to make the vision real.

16. Life is an unfoldment, not accretion. What comes to us in the world without is what we already possess in the world within.

17. All possession is based on consciousness. All gain is the result of an accumulative consciousness. *[Before you can have a thing on the outside you must already have it on the inside...that's why it's important to be clear on what your goal is and hold your focus on it...]* All loss is the result of a scattering consciousness.

18. Mental efficiency is contingent upon harmony; discord means confusion; therefore, he who would acquire power must be in harmony with Natural Law.

19. We are related to the world without by the objective mind. The brain is the organ of this mind and the cerebro-spinal system of nerves puts us in conscious communication with every part of the body. *[...and through our five senses, with the outside world.]* This system of nerves responds to every sensation of light, heat, odor, sound and taste.

20. When this mind thinks correctly, when it understands the truth, when the thoughts sent through the cerebro-spinal nervous system to the body are constructive, these sensations are pleasant, harmonious.

21. The result is that we build strength, vitality and all constructive forces into our body, but it is through this same objective mind that all distress, sickness, lack, limitation and every form of discord and inharmony is admitted to our lives. It is therefore through the objective mind, by wrong thinking, that we are related to all destructive forces. *[You are what you think, acc to Proverbs 23:7. You experience what you think - health, sickness, wealth, poverty etc are all outward manifestations of your internal state of thinking.]*

22. We are related to the world within by the subconscious mind. The solar plexus *[also known as the coeliac plexus. FYI.]* is the organ of this mind; the sympathetic system of nerves presides over all subjective sensations, such as joy, fear, love, emotion, respiration, imagination and all other subconscious phenomena. It is through the subconscious that we are connected with the Universal Mind *[the mind of God.]* and brought into relation with the Infinite constructive forces of the Universe *[brought into relationship with God, that is.]*

23. It is the coordination of these two centers of our being, and the understanding of their functions, which is the great secret of life. With this knowledge we can bring the objective and subjective minds into conscious cooperation and thus coordinate the finite and the infinite. Our future is entirely within our own control. It is not at the mercy of any capricious or uncertain external power.

24. All agree that there is but one Principle or Consciousness pervading the entire Universe, occupying all space, and being essentially the same in kind at every point of its presence. It is all powerful, all wisdom and always present. All thoughts and things are within Itself. It is all in all.

*[I submit to you that this Principle or Consciousness is God almighty, Jesus Christ the creator of all that exists. "Whom therefore ye ignorantly worship, him declare I unto you...For **in him we live, and move, and have our being;** as certain also of your own poets have said, For we are also his offspring" Acts 17:23, 28.]*

25. There is but one consciousness in the universe able to think; and when it thinks, its thoughts become objective things to it. As this Consciousness is omnipresent, it must be present within every individual; each individual must be a manifestation of that Omnipotent, Omniscient and Omnipresent Consciousness.

*[Of course you are a manifestation of God! **You were made in His image.** Duh! It's right there in the first chapter of the first Book of the Bible - Genesis 1:26! Friend if you can just grasp what this means - you were made in the very image of God - think about it, the implications are staggering! The more you meditate on this Truth, the more your self esteem will soar and you will be empowered like never before to be confident as you step out for the day! You will be unstoppable and will achieve greater success than you ever imagined!]*

26. As there is only one Consciousness in the Universe that is able to think it necessarily follows that your consciousness is identical with the Universal Consciousness, or, in other words, all mind is one mind. There is no dodging this conclusion. *[For in Him we live, move and exist.]*

27. The consciousness that focuses in your brain cells is the same consciousness which focuses in the brain cells of every other individual. Each individual is but the individualization of the Universal, the Cosmic Mind. *[You are the individualization of God. So stop looking down on yourself or putting yourself down. Until you realise this Truth about who you are, your life will remain mediocre.]*

28. The Universal Mind is static or potential energy; it simply is; it can manifest only through the individual, and the individual can manifest only through the Universal. They are one. *[God chooses to manifest Himself through you...if you let Him. John 17:20b to 23 explains exactly how you can manifest that 'one-ness' with God.]*

29. The ability of the individual to think is his ability to act on the Universal and bring it into manifestation. Human consciousness consists only in the ability of man to think. Mind in itself is believed to be a subtle form of static energy, from which arises the activities called 'thought,' which is the dynamic phase of mind. Mind is static energy, thought is dynamic energy - the two phases of the same thing. Thought is therefore the vibratory force formed by converting static mind into dynamic mind.

30. As the sum of all attributes are contained in the Universal Mind, which is Omnipotent, Omniscient and Omnipresent, these attributes must be present at all times in their potential form in every individual. *[Because every individual has been created in God's image.]* Therefore, when the individual thinks, the thought is compelled by its nature to embody itself in an objectivity or condition which will correspond with its origin. *[Did you get that? Read it again and think about what you're reading...]*

31. Every thought therefore is a cause and every condition an effect; **for this reason it is absolutely essential that you control your thoughts so as to bring forth only desirable conditions.**

32. All power is from within, and is absolutely under your control; it comes through exact knowledge and by the voluntary exercises of exact principles. *[God is able to do exceedingly, abundantly, above all we could ever possibly ask or think...BUT only according to, or in proportion to, how we use the power at work IN US! Ephesians 3:20. You've gotta learn how to use the power in you. It's entirely and totally under your control]*

33. It should be plain that when you acquire a thorough understanding of this law, and are able to control your thought processes, you can apply it to any condition; in other words, you will have come into conscious cooperation with Omnipotent law which is the fundamental basis of all things.

34. The Universal Mind is the life principle of every atom which is in existence; every atom is continually striving to manifest more life; all are intelligent, and all are seeking to carry out the purpose for which they were created. *[For by Him all things consist. He is the fullness of all and is in all. Colossians 1, Ephesians 1.]*

35. A majority of mankind lives in the world without; few have found the world within, and yet it is the world within that makes the world without; it is therefore creative and everything which you find in your world without has been created by you in the world within.

36. This system will bring you into a realization of power which will be yours when you understand this relation between the world without and the world within. The world within is the cause, the world without the effect; to change the effect you must change the cause.

37. You will at once see that this is a radically new and different idea; most men try to change effects by working with effects. They fail to see that this is simply changing one form of distress for another. To remove discord, we must remove the cause, and this cause can be found only in the world within.

38. All growth is from within. This is evident in all nature. Every plant, every animal, every human is a living testimony to this great law, and the error of the ages is in looking for strength or power from without.

39. The world within is the Universal fountain of supply, and the world without is the outlet to the stream. Our ability to receive depends upon our recognition of this Universal Fountain, this Infinite Energy of which each individual is an outlet, and so is one with every other individual. *[Your ability to receive and manifest all the great things God is offering you, **depends on your recognition of God.** Your choice (or not) to believe that God exists, and that He is a rewarder of those who diligently seek Him. Hebrews 11:6. In all your ways, acknowledge Him, and He will direct your paths. Proverbs 3:5]*

40. Recognition is a mental process, mental action is therefore the interaction of the individual upon the Universal Mind, and as the Universal Mind *[God]* is the intelligence which pervades all space and animates all living things, this

mental action and reaction is the law of causation, but the principle of causation does not obtain in the individual but in the Universal Mind. It is not an objective faculty but a subjective process, and the results are seen in an infinite variety of conditions and experiences.

41. In order to express life there must be mind; nothing can exist without mind. Everything which exists is some manifestation of this one basic substance from which and by which all things have been created and are continually being recreated.

42. We live in a fathomless sea of plastic mind substance. This substance is ever alive and active. It is sensitive to the highest degree. It takes form according to the mental demand. Thought forms the mold or matrix from which the substance expresses. *[This is why you must be most careful to watch what thoughts you entertain. This is why you're advised to 'guard your heart with ALL diligence, for from it consist ALL the issues of life!' Proverbs 4:23]*

43. Remember that it is in the application alone that the value consists, *[which is why you've gotta be a doer of the Word not just a hearer of it]* and that a practical understanding of this law will substitute abundance for poverty, wisdom for ignorance, harmony for discord and freedom for tyranny, and certainly there can be no greater blessing than these from a material and social standpoint.

44. Now make the application: **[TAKE ACTION NOW: DO THIS:]** Select a room where you can be alone and undisturbed; sit erect, comfortably, but do not lounge; let your thoughts roam where they will but be perfectly still for from fifteen minutes to half an hour; continue this for three or four days or for a week until you secure full control of your physical being.

45. Many will find this extremely difficult; others will conquer with ease, but **it is absolutely essential to secure complete control of the body before you are ready to progress**. Next week you will receive instructions for the next step; in the meantime you must have mastered this one.
